

Primary Physical Education and Sports Premium 2019/20

Park Lane Primary School

Current numbers on roll (nor) Reception – y6	412
Number of children in Reception and years 1 – 6 who are eligible for Sport Premium on the January 2019 School Census	349
School Sports Premium funding from September 2019 to August 2020	£19,490

Background:

In April 2013, the Government announced new funding of £150 million for Physical Education (PE) and sport. The PE and sport premium is designed to help primary schools improve the quality of the PE and sport activities they offer their pupils. Schools with 17 or more eligible pupils receive £16,000 and an additional payment of £10 per pupil. Schools receive PE and sport premium funding based on the number of pupils in years 1 to 6. In most cases, this has been determined by how many pupils a school had using data from the January 2019 school census. The funding is for the period is September 2019 to August 2020. This funding is ring fenced to be used for sport specific areas to make an impact in Physical Education and Sport in schools. Schools are free to determine how best to use this funding to improve the quality and breadth of PE and Sport provision, including increasing participation in PE and Sport so that all pupils develop healthy lifestyles and reach the performance levels they are capable of.

During the academic year September 2019 to August 2020 we plan to spend our funding in the following areas:

Provision of qualified Sports Coaches for two days a week £11,020. Our sports coach works alongside teachers, supporting their lessons to build their professional development and their ability to teach PE. Also, they ensure each child receives 2 hours of quality PE teaching per week, introducing a range of new sports to our school.

We have updated our sports equipment at a cost of £1,450.

Through the Witchford sports partnership, they will be coming in to teach a range of non-traditional sports days to groups of chn. The intended outcomes of this are that more chn find something which they enjoy doing that will help to improve over fitness and skills, whilst also allowing us to upskill teachers so they feel confident to teach this to future year groups, thereby creating a legacy of this funding.

Park Lane intend to build and maintain links with local professional clubs. The intention of this is to encourage chn to partake in a range of sports thereby improving their overall fitness and skills set. Also by inviting professional athletes into the school we hope to motivate and educate the chn so they know how and what to expect to be a top sportsperson. Over time we aim to keep these links, which means the legacy will be guaranteed

Finally we aim to keep some of the money in reserve. This allows us to introduce cutting edge sports schemes/ ideas as and when they are launched to improve the overall provision and delivery of PE in the school.

Sport Premium Spend	Activity	Impact / Rationale for spend and desired outcomes	Monitoring
£1,450	We have purchased a range of sports equipment which has enabled us to improve the delivery of PE in school. This has also been used to enable to hold intra school sports which has then fed into inter school sports against other local schools.	Providing opportunities for inter and intra school competition. Improved delivery of PE within the school.	Lesson Observations. All chn taking part in intra-school sports competition. Number of chn taking part in inter-schools competition.
£11,020	Provision of qualified Sports Coaches for two days a week	Developing healthy skills for life. Offering a wider range of sporting opportunities. Up-skilling teacher in all areas of PE.	Lesson Observations. Number of hours chn taking part in PE lessons.
£2,000	Introduction of a range of professional clubs to encourage participation, motivation and enthusiasm in a variety of sports.	Chn will be encouraged by a professional athlete to take part in a range of sports and understand the requirements needed to be an athlete. Links with these clubs will be built and in the long term maintained to encourage participation across the school.	Numbers of chn encourage to take part in clubs both inside and outside of school.
£1,775	Introduction of a specialist netball programme which allows children to improve their skills, whilst meeting a professional player, improving the equipment used for their benefit and the rest of the school.	Chn will be encouraged by a professional athlete to take part in a range of sports and understand the requirements needed to be an athlete. Long term chn will be able to access improved equipment for netball.	Numbers of chn encourage to take part in clubs both inside and outside of school. Number of chn taking part in high quality delivery of netball. Lesson obs.

Sport Premium Spend	Activity	Impact / Rationale for spend and desired outcomes	Monitoring

£1,000	Events days – Witchford to come into the school to offer chn the opportunity to take part in a range of days e.g. circus skills day and non-tradition sports training days.	Chn will be encouraged to take part in a range of non-traditional sports, (offering a wider range of sporting opportunities), finding out ones which they like and develop healthy skills for life. Up-skilling teacher in all areas of PE.	Number of chn taking part in non-tradition sports (aim to encourage more chn to take part in some sort of sport, rather than just the traditional ones), development of skills for chn which will impact upon other sports and also upskilling of teachers within the school.
£2,000 - £3,000	Held in reserve to see what types of opportunities arise during the year.	We will be able to offer these excellent opportunities as and when they arise.	Attending Witchford training days to see what they latest thinking is and what opportunities are available.
Total spend: £20,245
